

ET NO LIMIT NATION'S WAR EFFORT

President Wilson Declares No Restrictions Will be Placed on Number of Men to be Sent to France—Opens Red Cross Drive.

(By The Associated Press) NEW YORK, May 18.—To win the United States is determined to set no restriction on a number of men to be sent to France, President Wilson declared here tonight in a speech reaffirming the purpose of America's war effort. As he said, "no limit will be placed on the number of men to be sent to France."

The American Red Cross drive for a second \$100,000,000 fund was opened by President Wilson in an address at the Metropolitan Opera House. The president was given a great demonstration when he entered the hall at 8:30 p. m. He was introduced by Cleveland H. Dodge. Before the speaking began the Metropolitan Opera House chorus sang the national anthems of France, Italy, Great Britain, and the United States.

The president was preceded by Henry P. Davison, chairman of the Red Cross, who spoke of the work of the organization. Mr. Davison referred to the president as the leading figure of the world. In introducing the president, Mr. Dodge said that the president "had asked for the privilege of marching in today's parade, when none of the committee had dared to invite him."

The president, Mr. Dodge declared is the spokesman of all the great spiritual forces of the world. The president started speaking at 9:30 o'clock. He began by saying he did not come to New York to tell of the work of the Red Cross, but to tell what "I think it all means."

"I have heard men say," said he, "that we might put five million men in France. Why limit it to that number?"

Every ship shall go on every voyage with every man and all the supplies it can carry, he added.

The crowd arose when he said, "I am here to stand by Russia as well as France."

The president said he had tested the nation's spirit and found them insincere.

For the first time in history, said the president, the world has seen an unselfish war. Such a war cannot fight for a selfish purpose, but I am proud to fight for mankind," he said.

Nothing, said the president in one hundred years has knitted the nation together as has the war.

"It also," said he, "is knitting the world together."

Against democracy are lined up the free governments representing the greater part of the population of the civilized world, he said.

Illustrating how the war is knitting the world together, the president referred to the great number of Italians fighting to preserve Italy who have lived in America.

The duty that faces the nation said he, is for people to serve each other, no man should make a fortune out of the war. Such a fortune would be a badge of dishonor and would constitute a badge of dishonor to whoever such a fortune was transmitted, he said.

Liberal giving to the Red Cross, the president said is every man's duty.

This is the war, said the president that will save the world. The war is being fought that the world may be a better place to live in.

CHICAGO BOOSTS RED CROSS IN GREAT PARADE

Fifty Thousand People Marched to Show Interest in Great Humanitarian Organization—Many Down State Counties Strive to Have Subscriptions Raised the First Day of Campaign.

(By The Associated Press) Chicago, May 18.—(Special to Journal)—Fifty thousand men and women and ten thousand school children parading through Chicago in one of the most remarkable demonstrations of the war to day launched the drive in Illinois for eight million dollars, allotted as the State's quota of second war fund of the American Red Cross. From many of the larger cities of the state reports came to state headquarters indicating similar high tide of enthusiasm and earnestness.

The following statement was authorized by George B. Stadden, director of the Illinois campaign. "Reports received up to 5 o'clock Saturday point to significance of this drive. Illinois divisions of troops are nearing the firing line, probably every township in the state will be represented on fighting front very soon. Nobody knows how quickly all the Red Cross is able to give over there will be needed by our own sons and our own neighbors. The whole proposition now is the question of dollars and how rapidly these dollars can be mobilized and sent after our soldiers. The biggest thing Illinois can do in the coming week to help win the war is to have now, day after day, to our regiments that the state has raised here the Red Cross quota without a tremor."

First official reports of progress of drive in 101 downstate counties will be received Monday, tabulated and announced thru headquarters' bulletins. Scores of counties are fighting for honor in first day subscriptions of their allotment.

A CHANCE TO ENLIST.

Sergeant Stirling, local United States regular army recruiting officer, with headquarters at Army Hall has received a very attractive call for men under the draft age for enlistment. The opportunity is offered only to men between the ages of 18 and 21 years. Applicants for enlistment will be sent to Valparaiso, Indiana University for special training. Lads for this branch of the service must possess a grammar school education and two years in any of the following trades: auto driving and repairing, bench work, general carpentry, electrical communication, electrician, forging or blacksmithing, machinist, or sheet metal work. Men over the draft age are not eligible for this particular call.

Captain Mitchell of Peoria, under whose direction the local recruiting station is managed, states that he has authority to accept a number of graduates or recent graduates from business colleges to be sent in the Quartermaster Corps, N. A., to Camp Joseph E. Johnson, Jacksonville, Fla. A splendid opportunity is afforded these men.

BROKEN ARM RESULTS FROM FALL

Miss Frances Waddell, daughter of Mr. and Mrs. Frank J. Waddell, was thrown from a horse about 4 o'clock Saturday afternoon and her left arm was broken. She was taken to Passavant hospital and was attended by Dr. F. A. Norris and Dr. Edward Bove. Miss Waddell is in company with friends was riding down Hardin avenue not far distant from Nichols park when the girl of her saddle broke and she was thrown violently from the horse with a broken arm as the result.

STRICKEN WITH PARALYSIS.

Friday as the venerable Iven Wood was riding on a horse in a field on his farm he was stricken with paralysis on his left side. Fortunately his son Homer was with him and saved him from falling from his horse. Medical aid was promptly summoned and the invalid is resting as easily as can be expected.

SURGICAL DRESSINGS ARE HERE

Miss Grace Carter, head of the Red Cross department of surgical dressings, announced that materials have arrived and the department will reopen Tuesday. Supervisors are asked to report at 9 o'clock Tuesday morning and volunteer workers are requested to report at 2 o'clock Tuesday afternoon. Monday will be devoted to preparing materials for work.

FLOYD WILLIAMSON GOES TO GREAT LAKES

Mr. and Mrs. A. E. Williamson yesterday received a telegram from their son, Floyd, Williamson, stating that he has gone from Columbus, Ohio, to the Great Lakes Naval Training station. Mr. Williamson, who has been for some months past in the employ of the Associated Press, recently enlisted in the navy and is to be assigned to a department engaged in publicity work. He will probably be at the Great Lakes station for a number of weeks.

Who when asked what the war was about, said it was to make "the whole damn world safe for the Democratic party."

The president concluded by declaring he summoned the American people to say how unanimously they are ready to sustain the hearts of the world by contributions to the Red Cross.

STATEMENTS

Official Communications Issued By Belligerent Countries Regarding War Situation.

(By The Associated Press)

ROME, May 18.—A third attempt by the Austrians to recapture Monte Corno has failed, according to the official communication from general headquarters today.

"Two columns with machine guns and flame projectors strongly supported by artillery," says the statement, "attacked Monte Corno. They were compelled to retire in confusion. We captured flame projectors and firmly held our positions."

LONDON, May 18.—Field Marshal Haig's report from British headquarters in France tonight says:

"Successful raids in which we took a number of prisoners and two machine guns were carried out this morning in daylight in the Morlaucourt sector and south of Hulluch. In the former case, hostile post west of Morlaucourt village, and taking the garrison by surprise, captured 21 prisoners and a machine gun without incurring any casualties themselves. The hostile artillery was somewhat more active than in the Villers-Bretonneux sector."

WASHINGTON, May 18.—An official communication from General Pershing made public tonight by the war department says yesterday's fighting on the American front was limited to reconnaissance and intermittent active artillery firing. Increased aerial activity was reported north of Toul and Lorraine.

BERLIN, May 18.—Via London—Great reconnoitering activity along the western battle front has led to violent hand-to-hand fighting especially in the district of Lassigny according to the official statement issued by the war office today which says that on Friday sixteen allied airplanes and one captive German plane were shot down by the Germans.

The statement reads: "On the western battle front weak artillery activity yesterday increased considerably before darkens set in. A strong harassing fire continued during the night. Great reconnoitering activity led to violent hand-to-hand fight especially in the district of Lassigny."

U. C. T. S. ELEC.

Decatur, Ill., May 18.—United Commercial Travelers of Illinois concluded their annual convention here today by purchasing \$1,000 worth of thrift stamps and contributing to the Red Cross.

O. J. Chapman, who is now on his way to France with the American army, was elected grand president. Other officers elected are as follows: Grand Counselor—H. F. Bloome, Springfield. Junior Grand Counselor—W. E. Dorsey, Quincy. Grand Conductor—E. A. Applequist, Rock Island. Grand secretary—D. Hugh Foster, Chicago. Grand treasurer—W. S. Walker, Chicago. Grand sentinel—E. McTaggart, Mt. Vernon. Campaign was chosen for the 1919 convention.

GERMAN DECEIT

With the American Army in France, Friday, May 17.—By the A. P.—A German airplane discovered French markings was discovered today of Toul. American aviators tried to intercept him but he made his escape. The incident shows what cunning and deceit American airmen have to deal with and what caution they have to display in dealing with a supposed friend.

CHASE BALLOON

With the American Army in France, Friday, May 17.—By the A. P.—An enemy observation balloon opposite Toul broke away late yesterday after its two occupants had parachuted from it and it floated two kilometers inside our lines. Our aviators were called out but by the time they reached the locality the balloon had risen and floated back toward Germany. American airmen chased the craft twelve kilometers until it went up so high that it was impracticable to pursue it further.

NOT ADVISABLE

Washington, May 18.—The examining board appointed by Secretary Daniels to investigate the practicability of the Donnelly system of buoyancy boxes as installed on the steamer Lucia, has reported that the installation is not advisable for general adoption.

WILL BE TRANSFERRED

Rockford, Ill., May 18.—If the attendance here does not improve, all of the baseball games will be transferred to Chicago. Captain Lewis Omer, division athletic officer, announced today. One change has been made in the schedule. On May 26, the camp will play the Arieos in Chicago.

ARRIVE SAFELY.

Geneva, May 18.—Three large vessels loaded with cereals destined for Switzerland and escorted by an American warship have arrived safely at a French Atlantic port, according to the Tageblatt of Berne.

WAR SUMMARY

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

Nearly three weeks have passed since the German offensive, begun on March 21, died down at its final active point in futile assaults on the Planders front. Every indication however, points to the probability that the coming week will witness its renewal. The entente allied staffs, so far as their opinion can be learned, appear confident that the enemy has about completed his reorganization and readjustment of forces and that he is only awaiting weather suitable to his purpose to strike his new blow.

Fair weather is reported on the battle front, but apparently this is not to the German's liking. It is recalled that he was materially aided in his drive from St. Quentin in March by the foggy, misty conditions prevailing, during which enemy masses could not be moved to the point selected for the heaviest stroke without coming under allied aerial observation. It may, therefore, be the enemy's purpose to await similar conditions before essaying his second great push.

German public opinion is being prepared by Chancellor von Hertling and others, for the imminence of renewed heavy fighting. On the allied side confidence is expressed in the outcome, particularly in the reserve power thru their losses in the earlier attack, while the allies have received notable reinforcements from the United States, which day by day is increasing the number of its men on the Franco-Belgian front.

The total mileage of front held by American troops, indeed, is revealed to be the third greatest of the French standing army, the British sector and the American exceeding the Belgian total.

While the rival forces are thus poised for the clash in the west important developments appear to be impending in the far east. German aggression in Russia has reached a point where the entente press is clamoring for counter measures and some action of this nature is apparently about to be taken at the peace of the far east and probably of Siberian integrity are concerned.

The action, it is understood is to be confined for the present to China and Japan, with the entente intent to co-operate in protecting Manchuria, with the possibility that the operations may be extended into Siberia as a more effective defensive measure.

In Great Britain the Irish question looms large again with the announced discovery of a "treasonable conspiracy with the German enemy" on the part of certain Irishmen and the making of hundreds of arrests in Ireland. The persons taken into custody include the president, most of its other leaders and all the Sinn Fein members of parliament. The government's descent upon the Sinn Fein headquarters and leading personnel was sudden and bold and the rounding up of disorders.

The bringing of a head seems likely to result from the government's action, and with it may come the solution of the problem as to how far Ireland may be counted upon to swell the British man power for the fight against Germany either voluntarily or otherwise.

On the water the only incident of note reported is the sinking of a British destroyer by a torpedo from a German submarine, two of the crew of the British vessel being killed.

WASHINGTON, May 18.—Secretary Daniels today declined to grant a request of Major General Goethals, director of supplies, storage and transportation for the army, that part of the turbine engine manufacturing facilities of the country now employed by the navy for torpedo boat destroyers be turned over to the shipping board so that the commissioning of new army transports may be hastened.

LONDON, May 18.—Five hundred Sinn Feiners were arrested at various towns in Ireland today according to a Dublin dispatch to the Evening News.

MOSCOW, Wednesday, May 15.—Mutiny is reported among German regiments at Wessenberg, Esthonia. Several officers have been killed, it is said.

WICHITA FALLS, Texas, May 18.—His machine bursting into flames while 1,000 feet in the air, while flying as one of a formation of five Jerome T. Van Auker, a det. 22 years old, met death at 7:30 o'clock this morning at 7:30 o'clock when the plane crashed to earth on the flying field. Van Auker was an advanced student in the solo class.

ST. PAUL, Minn., May 18.—A terrific storm swept part of South Dakota late today, according to fragmentary information early tonight. Aberdeen is isolated from wire communication.

WITH THE AMERICAN ARMY IN FRANCE, May 18.—(By The Associated Press.)—The Germans attempted a vigorous silent raid on one of the strong point groups within a strong point in the Lunerville sector this morning but were badly beaten.

WASHINGTON, May 18.—Passenger fares between St. Louis, Mo., and points on railroads in Illinois were fixed at 2-4-10 cents a mile by the interstate commerce commission today in deciding a complaint of St. Louis civic associations that intra-state rates in Illinois were so low that East St. Louis, Madison and Granite City had an advantage over St. Louis.

A previous decision in the case was set aside by the supreme court and the commission also ordered passenger fares between Keokuk, Iowa, and Illinois points reduced to 2 cents a mile the basis now governing the rates between the Illinois points and Hamilton, Ill. Both orders are effective August 15.

AMSTERDAM, May 15.—The Belgian relief ship Cole, with a cargo of barley from New York to Rotterdam has struck a mine on Dorger Bank. Assistance has been sent to the vessel.

ILLINOIS.—Partly cloudy, continued warm Sunday; showers after-noon or night; Monday generally fair; cooler.

EXPLOSIONS KILL 200 WORKERS IN CHEMICAL PLANT

Many Bodies Blown Half a Mile From Plant Site—Blast Follows Blast as Heat Reaches Tanks—Property Loss \$1,500,000.

PITTSBURGH, May 18.—Probably two hundred men were killed today when an explosion of T. N. T. demolished the plant of the Aetna Chemical company at Oakdale, on the Pan Handle division of the Pennsylvania railroad sixteen miles from this city. Many of the injured, some of whom were found as far as half a mile from the remnants of the factory, were brought to Pittsburgh hospitals by special train and in ambulances during the afternoon and early evening, all of them so badly hurt that in only a comparatively few instances were physicians able to hold out any hope for their recovery. The property loss was estimated at \$1,500,000.

Immediately after the second explosion the mass of broken beams and twisted timbers broke out in a great blaze, while the highly inflammable chemicals used in the manufacture of the factory's deadly products—T. N. T. and T. N. A., added fuel to the flames.

Blast after blast followed as the heat reached the tanks, each one scattering the burning embers and endangering property in the entire community. Gases spread over the valley and surrounding hills, making perilous the work of rescue.

Railroad Tracks are Blocked.

Telephone and telegraph wires were wrecked and tracks of the Pittsburgh, Cincinnati, Chicago & St. Louis railroad were blocked by falling buildings. An employee hastened to Carnegie, four miles distant whence wreck and relief trains were hurried to Oakdale. Every hospital in Pittsburgh sent ambulances with nurses and doctors. Company guards, under direction of a detail of state constabulary surrounded the burning ruins and were later re-inforced by deputy sheriffs and deputy coroners.

Hospital Nurse Fatally Hurt.

For a time it seemed it would be impossible to reach the wounded, because of heat, gases and danger from explosion. But nurses and doctors, aided by officers, made their way as best they could. One young nurse, Miss Meryl Aschelman of New Philadelphia, Ohio, a member of the staff of St. John's Hospital, Pittsburgh, who was among the first to answer the call for help was perhaps fatally injured. One leg was blown off. A patient on a stretcher she was helping carry was killed. Other rescuers were caught near a little stream into which acid and oil had poured. It exploded as they crossed and a number were thought to have perished. Sheriff William S. Haddock almost lost his life in one of the late explosions. A heavy piece of steel blown from the wreckage passed close to him and the force of the blast threw him to the ground. He was badly bruised but continued work.

Final Blast Clears Blackened Space.

Thruout the afternoon the fire burned. Soon after six o'clock an explosion louder and more powerful than any since noon, swept away remnants of the fire and practically cleared the blackened space. Many bodies were consumed, authorities declared and parts of others were so tossed about, the coroner's deputies said, it would be impossible to identify portions that might be found.

Assistant Superintendent Dead.

Among the dead was Samuel Diehl, assistant superintendent of the Heidelberg plant of the Aetna company. John B. Johnston, superintendent of the Oakdale plant was among the badly injured.

Red Cross Workers Lend Aid.

When Red Cross workers on their way to Pittsburgh to participate in the parade, abandoned the trip and flocked to the afflicted area by automobile and trolley and lent valuable aid in bringing order and system out of the chaotic condition among the families of workmen. Scarcely one who lived thru the explosion is able to tell a coherent story of the happenings. H. H. Cananan, employed as a starter at the plant was eating lunch with several other workmen when the first explosion occurred, and escaped with slight bruises.

"I was sitting with two friends about 100 feet from the T. N. T. stock room when the blast came," he said. Without warning I started up and up until I lost consciousness. When I hit the ground I came to and my two friends landed about a hundred feet from me. I got to my feet and was hurrying away when I passed an injured man. I put him on my back and started from the plant when the second explosion occurred."

Debris and Bits of Bodies Hurdled Miles.

The explosion hurled burning embers in every direction for almost a mile and oil derricks were set afire adding further danger of explosion and conflagration. Pumping on oil operations were stopped and sand was thrown on the burning derricks to extinguish the flames. To night portions of human bodies are being picked up a mile and more from the plant. Residents about Rennerdale and reported seeing the bodies of men flying thru the air, and early tonight arms and legs were being reported along the railroad tracks three-fourths of a mile from the Aetna plant. Coroner Samuel C. Jamieson and Sheriff W. S. Haddock with a corps of deputies have established headquarters about the scene of the explosion and are prepared to remain days until their duties have been carried out.

VISITORS FROM CHICAGO

Dr. Arthur D. Black was a guest at the home of his brother Dr. Carl E. Black, yesterday, having come to Jacksonville Friday night to be in company with Dr. Gilmer and to attend the meeting of Morgan county physicians and dentists. Miss Clara Black of Chicago is here for a visit at the home of Dr. Black.

SWEEP BY TORNADO

Muscatine, Ia., May 18.—The Bay Island district, a farming community located about eight miles south of this city, was swept by a tornado late yesterday. Scores of farm buildings were unroofed. A number of homes were damaged, but no injuries were reported. All wire connections with the storm swept area have been interrupted.

There is more talk than practice in the economy of many.

Congress has voted an increase of salaries for letter carriers. They deserve it.

After about one year of Hooverizing it does not seem such a great hardship.

The Red Cross is an agent of mercy that is endeavoring so far as they can to take the "hell" out of war.

Suicide clubs are said to have been organized by starving Russians. Another star in the crown of the kaiser.

Two million Americans are expected to be in France and 1,500,000 the Red Guard, she escaped the looks as the allies expected to take the offensive.

Yes, wheat is cheaper than many of the expensive substitutes—but the wheat is vital to the needs of our allies.

Now that Japan and China have been notified they can go into the war actively, the outlook may change on the Russian side. The

allies are evidently preparing for a termination of Hun domination.

The government cannot long maintain railroads at a loss of one hundred million dollars a year.

Mme. Botchkareva, who commanded Russia's famous Death Legion, is in the United States. Madame escaped the Huns, she escaped the Bolsheviks, she escaped the work of Red Cross week with Socialists and she escaped the anarchists.

Morgan county will enter into the work of Red Cross week with patriotic ardor. The meeting at the Opera House tonight will voice the appeal of the greatest agency of mercy that the world has known—and not in vain. The call of the boys who have gone across the seas and the example of the hundred or more young men who sit upon the stage will enter government service within a week appeals to all. The Red Cross is looking to all who stay at home to give of their means to this work of mercy. The boys who sit on the platform in the Opera House tonight may give their lives.

NURSES NOW OR NEVER!

"Every Red Cross nurse saves 500 soldiers!" That is why the Red Cross is making such strenuous efforts to enroll 5,000 more graduate nurses by June 1. For the entire year of 1918 25,000 nurses must be enrolled to assure our expanding army and navy of adequate care.

As the nurses come forward to answer their country's call, other young women who are educated and desirable must enter nurses' schools to keep the ranks filled and provide service for the people at home. Courses may be taken at a number of places throughout the country, and every Red Cross chapter can give information to

young women who wish to study. Making surgical dressings and hospital garments are important, but if there are no nurses to apply them to our wounded soldiers, they would be useless. Consequently, graduate nurses who have been holding back will see the imperative need of enlisting at once. The Red Cross considers it one of the foremost tasks assigned to it by our government to stimulate enlistments among the nurses.

With American boys being wounded in large numbers in the great battle in France, every American nurse's heart will beat with patriotic fervor and June 1 undoubtedly will see 5,000 more enrolled under the Red Cross banner.

THE LIVING WORLD.

It is said that in these days of the war that the thoughts of more men turn toward religion than ever before. Soldiers at the battle front thru some innate feeling turn to prayer, even the perhaps they have lived thru hardened, prayerless years. It is because there is in the human heart an instinctive turning toward God in times of stress. Men in health and strength and with no realization of danger think little of the life beyond of the Creator. But as they approach the battle strife and come into intimate knowledge of danger, there comes that natural turning toward Heaven—that reaching out for the support of the Almighty Arm.

What is true of men in the war zone is true to some extent of those at home. People are impressed anew with the seriousness of living—with the futility of their own strength—unless they have some higher source of strength. There is abundant testimony that men and women of mature years are alike turning to the Bible and to prayer these days as they have never done before.

Nearly every public speaker with a war topic at some time or other finds at scripture verse which gives point to the message he seeks to convey. Great newspapers that have seldom mentioned the Bible now often find passages that furnish themes for editorial utterances and today the Bible is a more used book than the more recent years have known.

A local instance of this turning "to the feet" can be found in the office of the Morgan county exemption board. On a placard in one corner of the room is this wisdom from Proverbs: "In all thy ways acknowledge Him and He shall direct thy paths." Members of the board make no showy references to that text but any one familiar with the work that they are doing—the strain of heart and mind which board service brings—can know how much of strength there is transmitted to them thru belief in that text. The local board members are day after day called upon to make decisions which may affect the lives of families and of individuals. There are certain rules and regulations to follow, others to interpret, but the most important decisions they must make are their very own. The calls of friendship must be ignored. Judgment and justice must rule.

These men have no other thought than to serve their country well and to be friends and protectors to every person and home in Morgan county. Because the board members are conscientious, because they realize their first responsibility to their government and because they carry at heart the joys and sorrows of the home people, it is no wonder that they find strength and encouragement in those words of Solomon: "In all thy ways acknowledge Him and He shall direct thy paths."

RIPPLING RHYMS

By Walt Mason

The Hatred Stunt
They tell us not to hate the Teut, but rather pity the galoot. And when this grisly war was young, some rhymes along that line I sprung; I said that hatred is a crime, and boomed a charity sublime. I fear I'm not so satirically now; I have no halo on my brow. There's so much evidence that Teuts are heartless and inhuman brutes who butcher children with their blades, and strike down dotards, wives and maids, that I can't love them as I should, if I were really, truly good. I cannot say "Their hearts are right, tho

DEATHS

Wallace
Earl, infant son of Mr. and Mrs. Harry Wallace, died at the family home, 343 North West street Friday evening. Funeral services were held at 9:30 o'clock Saturday morning in charge of Dr. Walter E. Spooner, with burial in Jacksonville cemetery.

Middleton.
Hilton Middleton, well known resident of the county for more than half a century died at his home seven miles southwest of the city at 5:30 o'clock Saturday morning.

Mr. Middleton was the son of Hodgson and Jane Bolan Middleton and was born in Yorkshire, England, November 3, 1838. In the year of 1848 he came to the United States and since that time most of his life has been spent in Illinois and Morgan county.

December 16, 1875 he was united in marriage to Miss Margaret Allen. The widow and the following children survive: Mrs. Ira Patterson, Mrs. Walter Patterson, Miss Grace Middleton, Mrs. George Vasey, Mrs. Robert Scott and Robert Middleton, three sisters, Jean Middleton, Mrs. P. D. Megginson and Louise Middleton and one brother Jonathan, all preceded him in death.

Mr. Middleton was converted under the ministry of Rev. A. M. Dancley, and had been a member of the Point church for the past twenty five years. He followed the occupation of farming and was accounted most successful in that business. He was a man of whom it could be said that his word was as good as his bond and he was highly respected in the community in which he spent so many years. Mr. Middleton lived a long and useful life and leaves an unblemished record behind him.

Funeral services will be held from the Point church Monday afternoon at 2 o'clock in charge of the Rev. J. O. Kirkpatrick. Burial will be in Diamond Grove cemetery.

Johnson.
Relatives here have received word of the death of Charles V. Johnson of Colchester, which occurred at St. Francis hospital, Mass. at 2:10 Thursday morning, April 18. Funeral services were held Saturday April 20 from Colchester Christian church in charge of the Rev. Mr. Harmon.

Death resulted from hardening of the arteries and complications. Mr. Johnson had been ill for some time, but his last illness was of only two weeks duration. He was 66 years, 5 months and 22 days old at the time of death.

Deceased was the son of Harvey and Kathryn Johnson and was born at Arenzville. He was united in marriage to Evelyn Garvey at New York City, January 11, 1895. Two years later he went to London, England, representing the Thomas Edison inventions. He traveled thru the various countries of Europe before returning to America, being absent from his native land eight years.

Mr. Johnson was a graduate of Knox college, Galesburg, and after graduating he practiced law for a time. He had great inventive ability and turned his attention to that work for a period of years. During the latter years of his life he was engaged in farming near Colchester, making a specialty of raising fine Jersey cattle.

His widow and one son Francis and one sister Miss Louise survive. He was a cousin of Cass E. Johnson and Charles Ator of this city.

Military wrist watches are going rapidly, but we have some left and they are good values.

MORGAN COUNTY MEN WRITE FROM CAMP

Lukeman Bros. in Receipt of Letters Written By E. J. Lukeman and E. E. Waters—Former Has Met Other Morgan County Men in East.

The following letters have been received by Lukeman Bros. in this city, one from E. J. Lukeman now in training in an eastern camp, and the other written by E. E. Waters at Camp Logan, Houston, Texas. The latter is now a member of the field artillery and stated that he expected to leave on May 13 for the east. He said that there were at the time he wrote but few soldiers at Camp Logan, but that by September there would be at least 80,000 men in training there. Mr. Lukeman tells of a pleasant visit he had recently with Clay Apple, former Illinois college student, who had just landed from Haiti and was on his way to an officers training camp at Quantico. The letters are given herewith:

Dear Brothers:—
Just a word to let every one know that I am still among the living, but have been on the jump every minute today as the adjutant inspector from Washington has been here all day and it has been inspections and drill all day.

Must tell you how happy I was last evening when Clay Apple landed here from Haiti, on his way to Quantico to the officers' training camp. He stayed all night with me and left at noon today. You can imagine how we talked of every body and everything at home during his short stop.

It seems that I am unusually fortunate in seeing fellows from home, all of a sudden for Ed. Bullard called me this afternoon and I am going to meet him in New York this evening. Have been thinking of going to Camp Dix and try to find some of the fellows from Jacksonville, but it would be useless to do so, as I don't know their addresses.

Give everyone my best and tell mother I will write her soon.

Your loving brother,
E. J. Lukeman.

Camp Logan Almost Vacant.
123 Field Artillery.
Battery E, Camp Logan.
May 13, 1918.

Lukeman Brothers—
Just a few words as I am leaving for the East tomorrow from there no one knows, however, we all have our own ideas. I was assigned to the above organization after finishing the training course at Leon Springs as an instructor sergeant and will eventually get my commission as soon as a vacancy occurs. It will be only a question of time but as we are able to be on the move for about one month I may not get something worth while until we get over-sea. So if you want a little news for the village just hand this dope to the Journal.

I trust business is worth while also I know you will be hit hard by the war, but I know the young men stick to it, just think how many outfits you will sell when this war is all over. Rodgers left her last week. I suppose he is down East by this date. In another week there will be very few soldiers at this camp, however, by September, first they expect to have at least 80,000 draft men in training here.

Kindest regards to all as I may say my last good-bye from the State of Texas.
E. E. Waters.

Will Your Present Car Match the Super Six?

Can You Rely Upon It To Serve You Through the Times Just Ahead?

Now is the time when you should arrange your motor car needs for the future.

It may shortly be impossible to get a good new car.

You have seen in the newspapers how it is proposed to curtail productions to a fraction of the present output. Even now the output of every factory is much lower than had been scheduled.

But there has been no such falling off in demand. Present needs calls for more and better cars than can be furnished.

Motor cars must do the work that the badly pressed railroads cannot do.

Good cars only can be relied upon. With outputs curtailed and a scarcity of mechanics to keep less dependable cars in good order, it is important that you plan for your future needs now.

Get a Super-Six while you can.

We take care of today's wants. The revised schedule, much less than we had expected, makes future supply uncertain.

The known reliability of the Super-Six makes it the first choice of thousands of buyers.

If all who plan buying Hudsons should realize the present situation, all the cars the factory can build in the next year would undoubtedly be spoken for within a few days.

Some are going to be disappointed because they won't be able to get deliveries when they want them.

Better look over your present car closely and determine if it can be relied upon with the outlook as it now is.

HAS ILLUSTRIOUS ANCESTRY.

The venerable William Smith, 1099 North Main street, comes from illustrious parentage. His great great grandfather fought several years in the revolutionary war and his grandmother, whom he well remembers, saw General George Washington several times. She was a girl thirteen years old when the war against England began and Mr. Smith has heard her tell of those times frequently.

Won Large Purses and Field Meet in Easy Fashion—Millikin in Second Place Behind—Tomlinson Has Perfect Day, Winning Three Firsts.

Peoria, May 18.—Illinois college with a well balanced team flashed home an easy winner in the tenth annual Little Nineteen track and field meet this afternoon. Harmon's men ran true to form and in accordance with the hope of many sport writers in the Little Nineteen cities who forecasted their victory. Illinois had a total including the relay, of 61 points.

Ed Tomlinson finished with a percentage of 1,000 winning both the hurdles and the high jump. Wells was a close second in the matter of points winning the 100 and 220 dashes and finishing third in the shot put. All of the Illinois men figured in the scoring and Harmon sprung another surprise when he grabbed the relay race.

The weather was ideal and the track was fast but only one new record was made. Moore of Millikin hung up a new mark in the 440 yard run when he stepped the distance in 1:2 and 2-5 seconds. The other events were won in only fair time.

Millikin finished in second place with 37 points. Bradley scored 20, Eureka 17, Illinois Wesleyan 7; McKendree 6. Blackburn 5.

A patriotic tinge was added to the meet when United States troops stationed at Camp Bradley and Camp Herring in this city were reviewed by the commanding officers.

Cook of Charleston Normal won the championship in the Tennis singles and Donaldson and Gill of Millikin carried away the title in the doubles. McCormick of Bradley by beating Salzenstein his teammate also from Bradley won the golf championships. The track and field men's summaries were:

100 yard dash—Wells, Illinois, first; Daigh, Illinois, second; Edwards, Millikin, third; J. Moore, Millikin, fourth. Time: 10 2-5.

120 yard high hurdles—Tomlinson, Illinois, first; Denoy Blackburn, second; Ward, Wesleyan, third; Shoemaker, Illinois, fourth. Time: 16 1-5.

Discuss throw—Darsat, Eureka, first; Myers, Millikin, second; Gill, Millikin, third; Lockland, Bradley, fourth. Distance: 112 feet 3-4 inches.

220 yard low hurdles—Tomlinson, Illinois, first; Ward, Wesleyan, second; Denoy Blackburn, third; Cully, Illinois, fourth. Time: 26 2-5 seconds.

220 yard dash—Wells, Illinois, first; J. Moore, second; Millikin, second; Edwards, Millikin, third; Shoemaker, Illinois, fourth. Time: 23 4-5.

Pole vault—Gill, Millikin and Daigh, Illinois, tied for first place; Ward, Wesleyan, third; Miller, McKendree, fourth. Height: 11 feet 1 inch.

880 yard run—Voyles, McKendree, first; Blauvelt, Eureka, second; Underwood, Illinois, third; Foley, Blackburn, fourth. Time: 21 10 1-5.

Javelin throw—Hartman, Bradley, first; Sanders, Millikin, second; Hill, Illinois, third; Langer, Illinois, fourth. Distance: 150 feet, 1 inch.

High jump—Tomlinson, Illinois, first; Salzenstein, Bradley, second; Myers, Millikin, third; Dunscomb, Illinois, fourth. Height: 5 feet, 6 inches.

Broad jump—Cully, Illinois, first; Myers, Millikin, second; Meyer, Bradley, third; Dunscomb, Illinois, fourth. Distance: 20 feet, 2 3-4 inches.

Mile relay, Illinois (Shoemaker, Bronson, Whisler, Daigh) first; Bradley, second; Millikin, third; Eureka, fourth. 3 minutes 46 seconds.

Shotput—Darsat, Eureka, first; Wells, Illinois, third; Thune, Bradley, fourth. Distance: 26 feet 8 1-2 inches.

THE BERRY MENACE

The danger from the berry men communicating rust to wheat is not a matter of imagination but is a dangerous fact. However the berry plants which are removed from wheat fields do not constitute a menace. In response to a recent letter the associate botanist at the New York agricultural station wrote C. W. Taylor of this city as follows:

"In various northwestern states where wheat is grown extensively the common berberis vulgaris is recommended for destruction. However, this method is not the only one used for the destruction of this pest, for the rust is often found where the berberis is not grown. The disease can be transmitted to a certain extent by means of wheat at planting time. However, as I understand it, your hedge is in a city many miles from any wheat field and it would be of no benefit to destroy such plants."

TO AID COUNTY FOOD ADMINISTRATION

M. F. Dunlap has recently received from Jacksonville lodge No. 570 a communication printed below. In this letter by direction of the lodge E. L. Kinney as secretary expressed on behalf of the lodge the desire to cooperate with the food administration in every way possible. The letter breathes a fine spirit of loyalty.

Mr. M. F. Dunlap, County Food Administrator, City.

Dear Sir:—The Grand Lodge of Masons has sent us a circular, Form No. 6257, asking us to co-operate in any way possible, with the work of the Food Administration.

By a formal vote of the Lodge, it was agreed to pledge our support to the Food Administration and to co-operate in every way we can, with them in their endeavor to stimulate production, and to conserve the food supply, that you may call upon us for any assistance we may be able to give you in your work.

Yours respectfully, E. L. Kinney, Secretary.

NOTICE TO WORKERS.

While the Red Cross campaign drive opened in a nation wide way today the actual solicitation work in Morgan county will not begin until Tuesday. The workers will have a conference Monday night at 6:30 at the headquarters on South Sandy street. It is earnestly desired that every one of the 200 workers be present at that time to receive final instructions and suggestions. Sergt. Wayman will speak. This notice was sent yesterday to the various workers: Jacksonville, Ill., May 18, 1918.

To the Campaign Workers: The active Red Cross Campaign will open with a dinner, Monday night, May 20th, at 6:30 at Red Cross Headquarters, 629 South Sandy St. It is absolutely imperative that you be present to receive final instructions in your work. Let nothing interfere with your attendance at this meeting.

Respectfully, E. E. Crabtree, Campaign Chairman.

May day festival for benefit of the Free Kindergarten will be held tomorrow, Monday, at 4:30 p. m. on Lee Alcott's lawn, 1026 West College avenue. Little plays and May pole dances will form an attractive program by children of the school. Come out and help us. Admission 10 cents.

25 GO THURSDAY TO JEFFERSON BARRACKS

Board Names Men for First Contingent Under Recent Call for Troops—Three Named as Alternates.

The Morgan county board spent an especially strenuous day yesterday in making final compilation of the list of 25 men who will comprise the first contingent of troops to leave Morgan county this week. The strain was caused by the fact that a number of men who had originally asked to go in this company of 25 to Jefferson Barracks changed their minds Saturday and were very desirous of being temporarily deferred.

With the purpose of trying to accommodate the men and keep everybody happy it was a difficult time for the board. Cards were mailed Saturday to the following 25 men, who will entrain Thursday, May 23, at 9:45 a. m. over the Chicago & Alton for Jefferson Barracks. Notices were also sent to three men who are to report at the local board office Wednesday as alternates.

THE PAPER THIEF.

There are few things more annoying than failing to receive the daily paper when one has become accustomed to the service. With a carrier delivery which must meet all kinds of weather conditions certain oversights are necessary. But about the most distracting thing from a subscriber's standpoint is to have a paper stolen. It is really surprising too, to find the number of people who will steal a paper who have entirely correct ideas of honesty along other lines. The past week a Journal subscriber who lives on South East street started out of his front door to get his paper.

Just as he opened the door he noticed a man pick up the paper, calmly open it, begin to read and walk away. The real owner of the paper was so surprised that he made no sound and so is minus a paper. The subscriber had not received a paper for three days and so has made up his mind that the same paper thief must have made an earlier appearance. It is safe to say that patience has ceased to be a virtue and this particular subscriber is going to get up earlier after this and keep a strict watch for the visitor with reading proclivities and without any sense of ownership.

BRIEF PARAGRAPHS FROM CONCORD

Mother's Day Will Be Observed Today—Union Church Services Scheduled.

Concord, May 18.—There will be a union service at the Christian church on Sunday evening. Rev. J. O. Kirkpatrick will be present and give a stereopticon lecture. Let everybody attend who can. This will be a very pleasing service.

Mother's Day will be observed at the Christian church next Sunday morning. Special music is promised for the occasion. The sermon by the pastor, Rev. C. G. Cantrell, will be worth hearing so a full attendance is desired.

W. F. Nergenh has just completed a large shed, 32x50 feet. It will contain a large amount of hay and afford shelter for a couple of cars of cattle. A corn crib will be added to the east end before fall and then it will be possible for one man to feed the stock in a few minutes, rain or shine, snow or sleet. Hogs can clean up the waste too, so this building ought to be a money maker. The posts are native white oak set in concrete, and will be treated above ground to preserve the portion exposed to the weather. Ship lap siding and a shingle roof makes a neat appearance and a durable building. The cost of such a building is not so great considering the size.

How Was the Last War Fund Spent?

It is a fair question—and it is fairly answered in the detailed and itemized reports that have been published in the newspapers of every town and city of the land.

You never saw it? Then ask at the nearest Red Cross chapter, or write, for the Red Cross wants you to know where your money went.

They say that Red Cross supplies have a way of coming through on time.

Italy surely has found us not wanting in promptness when her great trial came.

And Roumania—they said no allied nation could get through to help her dire need.

But the Red Cross found a way.

It's not always a cheap way—"Needs must" costs money. But did you give that money to be saved—or to save lives? Are you not willing to pay five dollars or fifty to bring something of comfort to a war racked, tortured mortal who but for you would surely die?

And of one thing you may be sure. **Not one penny of that Hundred Million has gone for anything but War Relief.**

In the Red Cross there is no high salaried bureaucracy, no extravagant administration expense. All of the higher officials and nine-tenths of the workers are unpaid volunteers.

The cost of raising and collecting the last War Fund was about one-half of one per cent., more than covered by the banking interest on the money.

Your Red Cross needs another hundred million to lighten just a little of the awful load of misery "over there." Your share is all that you can give—and then a little more.

WILL YOU HOLD UP YOUR END?

Story's Exchange, Real Estate Loans and Insurance

FARM PROPERTY

Real Estate is the backbone of the universe. Food, fuel, building material and clothing on the surface, metals, minerals, gas and oil underneath, that else is there to be had? Increase in value creeps upon you while you are making good profits on the side. That's why we have the common expression "Retired Farmer" so much oftener used than "Retired blacksmith, doctor or lawyer." If you wish to retire early in life with a competency buy farm land somewhere; and all the good land is not in one place. Let us introduce you to a dozen Morgan County men who have recently investigated the irrigated land in the Rio Grande Valley. Every man will tell you that we have nothing here to compare with it from the standpoint of a profitable investment or a place to build a home and take our family. Or let us have you meet a dozen men to whom we have sold three thousand acres of land south of Kansas City. Every man will tell you that he is pleased with his investment and the land is paying a better rate of interest on the investment than is the land here and you can buy here two acres for one here. Let us have you meet men whom we have sold in the neighborhood of Wichita, Winfield and Arkansas City, a hundred acres of alfalfa for every one here. Morgan County is good, but every man will tell you that we have already turned more than a half million of business this year. No matter what you're thinking about doing, might be of service to you. No charges for consultation. We solicit investigation of our methods. We are willing to have our patrons tell you we have handled their business. They will tell you what we want you to know.

LOOK! Only this week we have listed \$300,000 worth of property, and we received orders to fill nearly equal in value.

(1) See a farm of 400 acres nearly all farming land and well improved. 10 acres of wheat, 10 acres pasture, 20 acres hay, balance for corn. Three sets of improvements. Price \$75.00 per acre.

(2) See a 30 acre farm with 115 acres wheat, 30 acres grass, balance in corn with plenty improvements at \$250 per acre.

BUSINESS

The chance of a life time—without doubt equal to the best business in the section of Illinois. Owner and manager has become wealthy during the past five or six years, and business was never so good as now, and ever made more money. Its clean, honorable and connected with biggest interest in the United States. It is HERE in Jacksonville, well known and thoroughly organized. Its a big business and free from incumbrance and the people know it is first class. This positively could not be bought had the owner and operator retained his health. His loss is your gain. He will give you a square deal and start you out right. If you have cash or good Morgan County farm, stock and implements he will talk to you.

CITY PROPERTY

(A) Let us show you a cozy five room modern cottage just off W State St. or away from square. It's a well kept little home for \$200.

(B) We have a new bungalow just off West State, containing seven rooms and modern in every way that you will like for \$450.

(C) We have a cottage on North Diamond, with three rooms, fine lawn and lot to match for \$1000 just as it is. Easy terms.

Come in and see about a lot more property we have to sell or exchange, and let us send you what money you need. We have plenty of it.

ROYAL NEIGHBOR CAMP ORGANIZED

Starts With Charter Membership of Forty—Band Arranging to Give Concerts—Other Mercedosia News.

Mercedosia, May 18.—Camp No. 5346 Royal Neighbors of America was re-organized Monday afternoon and evening under the direction and instruction of Deputy, Mrs. H. O. Potts, assisted by Mrs. Jennie Petri both of White Hall. The order starts out with forty members. The officers were elected in the afternoon and in the evening the initiatory degree was given the candidates. The following officers were elected for the year:

Oracle—Mrs. Anna Moultray. Vice oracle—Mrs. Minnie Leffer. Chancellor—Mrs. Grace Burdick. Past Oracle—Mrs. Lena Orr. Recorder—Mrs. Pearl Bennett. Receiver—Mrs. Florence Mayes. Marshal—Miss Nellie Bauser. Assistant marshal—Miss Rachael Bollyard.

Inner Sentinel—Miss Margaret Cody. Outer Sentinel—Mrs. Bertha Rice. Managers—Mrs. Bertha Hodges, Mrs. Vesta Harbert, Mrs. Elvora Hudson. Graces—Mrs. Irene Schmitt, Mrs. Mabel Hall, Miss Ruth Hughes, May Hughes and Pearl Smith.

Elder H. W. Cuddy will preach the annual Memorial sermon May 25th, at three o'clock in the afternoon at the Church of Christ. All are invited to attend.

Elmo Galaway is spending the week with relatives at Weldon and Decatur.

Charles Bollyard and J. W. Duwendack have been spending the week in Jacksonville attending court.

Mrs. Omer Doyle of Bluffs visited Miss Ina Bowling Thursday.

Mr. and Mrs. John Easley are visiting relatives in Kampsville this week.

Mr. and Mrs. T. C. Pond have received word that their son Boyd at Camp Taylor has been promoted to Fourth Sergeant and has charge of a company of fifty men.

Mr. and Mrs. S. D. Allen have been entertaining their son Earl and wife from Flint, Mich.

Mr. and Mrs. N. S. Bushnell and two children spent Wednesday in Versailles and attended the birthday celebration of Mrs. Bushnell's father.

The first moonlight excursion of the season will be given Thursday evening, May 23 on the new steamer Columbia. The boat will leave here at 8:15 for Valley City and return.

State Fish and Game Warden S. J. Barnett has received official notice that trout line fishing in any State Fish Preserve is illegal, hence from this time on only pole and line fishing will be allowed in the Mercedosia Lake.

The Mercedosia band is contemplating giving their open air concert in the park this summer if

the citizens of this vicinity will contribute a small sum for music. This should meet the approval of everyone as we have a splendid band and we should assist them in this movement. They donate their services most of the time and they are deserving of much praise and assistance.

J. R. Harker, president of Woman's College, and A. C. Metcalf of Jacksonville visited the school Wednesday and gave an interesting talk to the pupils urging them to complete their education before seeking employment.

Mr. and Mrs. Charles Winningham have received a card from their son Arthur from Ft. Lyons, Los Animas, Colo., stating his arrival there from the Great Lakes Naval Station. He seemed somewhat improved in strength and states the surroundings there are pleasant. He was accompanied on the trip by his brother, Owen of Springfield.

Charles Schaefer is carrying his left arm in bandage, having fallen off of a chair and broken the small bone in his arm.

Edward Schaefer and Dan Ballard who left here Friday of last week for service at Ft. Thomas, Ky., have been transferred to Savannah, Georgia.

Trinity Chapter No. 636 O. E. S., will celebrate their ninth anniversary at the Masonic hall next Wednesday evening.

The Red Cross has just purchased \$109.27 worth of sweater yarn and \$80 worth of sock yarn and has given most of it out to be knitted.

The members of St. John's Lutheran church gave a reception at the church Wednesday evening for their new pastor, Rev. Hope, wife and daughter Helen, who have lately come from Mulberry, Ind. A short program was given and the pastor responded with an interesting address.

The steamer Columbia brought an excursion to this city from Beardstown Thursday afternoon. They only remained about thirty minutes.

Mrs. Sam Henderson of Beardstown is visiting her mother, Mrs. Chambers.

J. H. Bowling returned to Springfield Thursday after visiting his family here for a few days.

Stage of Water.

The following is the stage of water in the Illinois river at this point, for the past week as reported by S. D. Allen, bridge engineer:

Mrs. Henry Stullers of near Versailles was the guest of Mrs. L. H. Yost Friday.

Mr. and Mrs. J. L. McLain and daughter Margaret spent Friday with Mr. and Mrs. Will Naylor at Jacksonville.

Mrs. E. F. Geiss was a Jacksonville visitor Thursday.

Paul Bates of Jacksonville and Lawrence Weller of Arenzville were calling on friends here Thursday evening.

Miss Ina Bowling visited Mrs. Omer Doyle at Bluffs Friday.

Mr. and Mrs. Albert Knippenberg of Arenzville were shoppers here Thursday.

Names is Names.

Felix Frankfurter has been appointed to an important position by President Wilson.

According to a Chicago paper our ancestors did not know anything about the use of tea coffee and soap until the 17th century. And some of their progeny are still ignorant of the use of soap.

An exchange says "Huns Hesitate as Artillery Fire Rages." However, they will be doing the Turkey Trot when Uncle Sam's boys start to furnish the music.

It is worth six cents to ride on some portions of the Jacksonville street railway line. But the company should pay that amount to the passenger.

Steps are being taken to make mules brayless. Now if we could only make candidates speechless life would be one long sweet dream.

"Everybody knows," says the Carrollton Patriot, "that doctors bleed people in the days of George Washington." We are not very familiar with things that happened back in Washington's time but doctors are still addicted to the habit of bleeding people and only it is done in a more scientific manner at the present time and the only pain is to a man's feelings.

A contribution to the Red Cross will help give the Kaiser the double cross.

NEW YORKERS CHECK REDS' WINNING STREAK

Giants Cop Saturday Clash Thru
Hard Hitting in Early Innings
—Other National League Re-
sults.

Cincinnati, O., May 18.—The
New York team stopped Cincinnati's
winning streak which had
extended over eight straight
games, by winning today thru
hard hitting of George Smith in
the early innings. Two accidents
marred the play. In the first in-
ning, Young in stealing second
collided with Blackburne and
spiked him on the foot, but Black-
burne was able to continue in the
game after a long delay. In the
seventh Zimmerman trying to
score from third on a double steal
crashed into Allen whose left
ankle was so badly hurt he had
to be carried off the field.

Bedford, Ohio.—"I was in a pitiful
condition weak, nervous and run-down
so I could not do my housework. I
had doctor for years and tried ev-
erything under the sun. A friend told
me about Vinol. I asked my doctor
about it and he replied, 'It certainly
is the best medicine that can be had
today. I couldn't give you any bet-

FABER WINS THIRTEEN INNING PITCHER'S DUEL

White Sox Annex Game 5 to 3—
Is Third Extra Inning Contest
of Washington Series—Other
American League Games.

Washington, May 18.—For the
third time in four days, Chicago
and Washington today played ex-
tra innings, the visitors getting
an even break in the fourth game
by winning in the thirteenth 5
to 3. Yingling and Faber vent
the full distance, but the Wash-
ington pitcher weakened in the
last inning, allowing two hits and
issuing one of his seven bases on
balls which, with a stolen base
and error gave Chicago two runs.
The teams played a total of 51
innings in four days.

DORT
Usefulness

The Dort is a car of usefulness. Its field of
service is broad because it is first of all a practical
car. Of moderate size and weight, easily handled,
conserving of gasoline, oil and tires, it typifies
efficiency without waste.

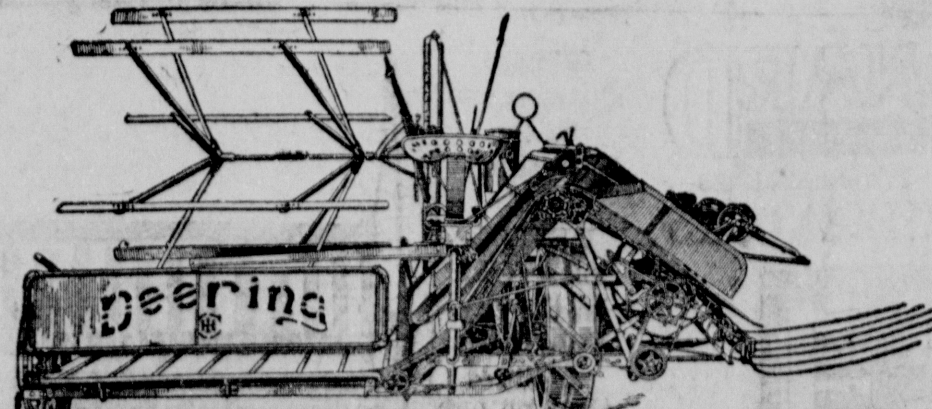

A Dort may be kept constantly in use, saving an hour here
and two hours there, and yet its appearance will be low and
its depreciation slow, because of the quality—it "goes clear
through." Use the Dort as you use the telephone and the
typewriter—to save invaluable time. See the Dort Models
on display in our showrooms.

INDIAN OUTWITS HUNS

To Repay White Man's Debt

(By Sergeant Matthew Wayman)

Sergeant Wayman of the Canadian tells facts of a wonderful fight which took place in a lone game, to repay the debt his father imposed upon him. This story was written in a front line dugout and was censored by Col. Sam Sharpe of the 5th Canadian Brigade.

Were you ever in debt to someone you had never met never seen and never expected to see? Did you ever have an obligation imposed upon you by your parents without hope of redeeming it? Such is the essence of this story and I am sitting here seventy feet below ground and within two hundred yards of the famous Prussian Guards, a live man because of that obligation. I was delivering mail in the big front-line dugout one night when Indian Joe, the Lance Corporal from Canguawaga, on the Island of Montreal said, "Sergeant, have you a sis-

ter somewhere in the Western States?" "Not that I know of," "Will you read this for me, and tell me what it means?" The letter was from the father of the Indian whose fame as a sniper is known thruout the Canadian forces. In part it ran: "They would not give me a concession at the fair. The girl allowed me to use part of her space and I have made enough money to pay off most of the mortgage. Her name is Florence Wayman. She says that she has a brother in the Canadian Army in France if you meet him try and return the kindness his sister showed me."

"That must be your sister," said Joe, and I was so busy at that moment to deal with the matter, I was wondering who Florence Wayman could be. It was my duty to take charge of the two posts along the Vernon

Sap. This was a long trench which ran across No Man's Land starting at the point where the communicating trench touches the front line and it ran a zig zag course towards the German trenches. Half way over we had made a machine-gun lookout post and at the head of the sap was the great crater where our listeners and bombers fended off enemy raiding or attacking parties. My task that night was to keep these two posts in touch with each other. I had to keep a constant patrol of the sap, reporting any unusual event to the officers when they came round. It was a dangerous, lonely vigil. The German cannon had blown away part of the parapet and at this low point snipers took random aim as I passed. "Zip! Zing! bullets struck an oil can which rested slantwise on the top of a shell crater and the sentry started in surprise as he struggled to overcome sleep. He strained his eyes in the direction of the snipers. "Aint it rotten. These blighters sniping at you all night long and we are not allowed to get out of the sap and get 'sm'. Thus he spoke to me, Down came, a pale streak of light along the horizon beyond the German line and a glow of relief came to us.

"This post is too vulnerable," I replied. "The Fritzies have raided it so often that they know every turn in it. Another night of ghostly horror like this and I shall go crazy. If we could go out on patrol we could shift them or be killed. This would be better than dodging shots here. I know where they are. It is less than twenty yards to the left. I know the very hole, yet they have napooed two of our men tonight. I shall see the Major about it."

As I whispered these words the sentry stepped to the rear to allow the officer to pass and then fell dead as another snip told how the bullet had found its billet. Mr. Doble said, "Come," and dragged my arm as he skirted the parapet. We crawled over the top but failed to find the sniper's spot. By some mysterious means the sniping post had disappeared. I drew the pin from two bombs and sent them in the direction I had calculated the marksmen to be. Nothing save two loud explosions happened and within a few minutes the whole earth rang with the whistling of machine-gun bullets from German and Canadian lines.

"It is too light now for catching them. Get the boys back to the front line and we will sort these guys out tomorrow night," instructed the officer. Slowly back across No Man's Land we went, feeling that we were tied hand and foot. Willing to fight but given no chance. Our impotence made us angry.

"There is one man who could get them," said I, "but he could not go out in daylight."

"You mean Indian Joe. Mr. Doble is talking to him now."

As we spoke I saw the Indian crawl thru our front line wire entanglements and make his way over the treacherous stretch of country which parted our territory from that of the Hun. His movements were wonderful. Only at long intervals could we discern something that told us of the presence of the redskin stalker. His steel hat was covered with a sand bag. His clothes were the precise color of the chalky mud and every shell hole gave him shelter. As he crawled along he snipped and broke each enemy periscope, and the ripping bullets that replied went harmlessly over his head.

We went to sleep and dared not hope to see the Indian again. After a restless day in the muddy hole below ground we crept noiselessly up the steps and to the posts in the line waiting for "Stand to." The man at the machine gun post saw an object moving towards him. He fired and a curse greeted his efforts. "Wassamatter you fool? Let up on that stuff." And a crowd went up in the air. I crawled over the parapet and helped the wounded Indian into the lines.

"Rotten luck," he said. "After fetching down a dozen Fritzies with a scratch, and here is the rifles of the men who got you 'sm' right, yet our own man nearly kills me. No trouble for you to get 'sm' again. I found their place and got them both. You will be late tonight. I've paid my father's debt. Get me a drink and see me to the dressing station. Write and tell your sister."

From then to now we have patrolled that front and we have not had a snip from the Hun snipers but I am wondering who the lady is that sells those candy at fairs and a looks the same name as myself, and I wonder how Joe is getting along with the nurses in English hospitals.

A GOOD APPOINTMENT.
Lloyd Carter, son of Scott P. Carter has been quite fortunate in securing the appointment as instructor in the manual training department of Odd Fellows Orphans' Home at Lincoln. The home conducts a regular school and Lloyd has been selected as head of the department mentioned. He is in the high school graduating class this year and has made good most certainly. Congratulations are in order.

A PLEASANT MEETING
Yesterday at the close of Sergeant Wayman's address Prof. Rayhill stepped up and introduced himself and then drawing aside his coat he displayed three medals bestowed on him while in the English army. Sergeant Wayman was quite thrilled at the sight and he and the worthy professor had a very pleasant exchange of courtesies.

CONSERVATORY NOTES

The concert to be given by the Conservatory Orchestra, under Mr. Kritch, with Mrs. Genevieve Clark Wilson as soloist, has been postponed on account of the Red Cross drive, from Tuesday evening, May 21st to Tuesday evening, May 28th. The concert will take place in State Street church.

The rehearsal of the Conservatory Orchestra will be held on Tuesday evening, May 21st, at seven o'clock in Recital Hall. A recital will be given by Miss Audrey Hall, student in violin under Mr. Kritch, on Friday evening, May 24th, assisted by Miss Beatrice Dye, pianist. The public is cordially invited to attend.

The recital given by Miss Helen Sorrells, candidate for diploma in Violin, assisted by Mrs. Wilson's Singing Club last Thursday evening, May 16th, was most successful and well attended. Miss Sorrells responded to an encore at the end of the program.

Miss Hazel Bell Long sang for the Commencement exercises at Barry last Thursday evening, May 16th.

Mrs. Wilson's Singing Club closed the program of the District Federation of Women's Clubs last Tuesday evening, May 14th, with a medley of Patriotic songs.

Mr. Munger is expecting a visit this week from his sister, Mrs. Joseph Littell, of Indianapolis. Musical numbers were contributed at the High School Commencement in Scottville last Wednesday evening by Misses Marguerite Butler and Mabel Forrester, of the faculty, and Mr. Willard Wesner, pianist, who accompanied and played solos.

The Graduation Recital will take place on Monday evening, June 3rd, instead of Friday evening May 31st, in Northminster church.

The recital by Miss Helen Sorrells at the Conservatory Thursday evening, May 16th, was very successful. She opened the program with the Haendel A Major Sonata No. 5, and gave it a creditable rendition.

Mrs. Wilson's Singing Club appeared in the second number with Beethoven's "When Twilight Weaves Her Gentle Spell" and Schumann's "Gypsy Life." The singing of this group of girls showed the careful and skillful training of their director. It is hoped that we may have the opportunity of hearing the club soon again.

Miss Sorrells last group showed to good advantage her versatility.

THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, condition, kept me worrying most of the time—and he said if I could not stop that, I could not get well. I had heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."

Mrs. J. Worthine, 242 North Taylor St., Philadelphia, Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthine.

AT CHAPIN FRIDAY NIGHT.

Friday evening, Rev. W. J. Spoons, Messrs. O. E. Tandy and H. H. Vasconcellos addressed a War Savings Stamp meeting at Chapin and those present speak in unbounded terms of the addresses of the gentlemen named. Mr. Vasconcellos rather modestly referred to himself as an humble part of the fleet whose duty it was to supply the big boiler and when Mr. Tandy arose he said he guessed he was the boiler and Mr. Spoons topped the list by calling himself the smoke stack. The eloquence of the visitors was sim-

ply thrilling and aroused great enthusiasm. Owing to another affair the attendance was small but the enthusiasm was great and \$2400 worth of stamps was sold.

An Introduction is Not Necessary

The AVERY Cultivator has made more friends in this territory than any other on the market and every user is a booster, which alone tells the tale.

The real work in using a cultivator is in handling the gangs. This makes it a most important feature to have a lift spring and application right. On the Avery this has been done. The lift spring is double-acting. The ordinary lift spring loses its tension as the gangs are raised. But, with the Avery the pull or tension increases as the gangs are raised and, therefore, does the lifting all the time.

The balance lever provides a perfect balance. The depth regulating lever device is a winner, allowing the operator to change the depth to suit, quickly and as desired with practically no effort. For the convenience of the operator we have a cushion spring which allows considerable adjustment by using the foot pressure when desired. The wheels have dust-proof boxings, long distance, self-oiling axles and are made in our own factory.

This tool is built for extra long service, and to give more and better satisfaction than any other make. We have a stock on hand now to supply all prospective customers and can assure them a price that will make them money. A price that cannot be duplicated by the regular retail dealer as he does not buy and sell at wholesale. This information is something that will benefit you if you see us.

If you intend to use your old cultivator, look well to the shovels. If you are in need we can furnish you new shovels for your cultivator in sets to fit any make.

We are just unloading our third car of Avery Cultivators, and are advising you in time of another increase in price. June 1st Avery Cultivators will cost you \$4.00 more than they do now. Buy before June 1st and save this advance. This is the last car that we can obtain this year as the factory is out.

COLLEGE NOTES

The May Day at Illinois Woman's College was fittingly celebrated on the afternoon of the 14th with a patriotic pageant. The capacity of the bleachers and chairs were taxed to accommodate the unusually large number of friends who were present. A full account of the pageant has already been given in the columns of this paper.

Miss Elizabeth Brewer who graduated in the class of 1917 is a guest at the College. Miss Brewer has been teaching quite successfully the past year at Illinois.

Plans for the twenty fifth anniversary of President Jackson's administration are progressing nicely. The Trustees are expecting to make this a great event in the life of the school and the program is being planned accordingly.

The Commencement exercises will be held this year beginning with the Academy graduating exercises on the 31st of this month. Saturday evening there will be an Expression recital, Sunday morning the Baccalaureate at Grace church. This will be preached by President Harker. Commencement address will be given by Bishop Thomas Nicholson on Wednesday morning June 5th. The other commencement events will be announced more definitely later.

President Harker, Miss Brown and Mr. Metcalf have been speaking in High Schools this week, under the auspices of the Council of National Defense, urging the young people in High school to continue until they completed their course and when thru the High School to go to College. This is part of a plan to visit every High school in Illinois with the message.

Sergt. Matthew Wayman representing the Red Cross spoke in chapel Saturday morning. The address was thoroughly appreciated by all those present. The Red Cross drive in the College will start Monday.

A number of the graduating class of 1918 have already been appointed to fill desirable positions. Superintendent Hubbard of Avon was at the college Friday interviewing prospective teachers for the schools in that city.

BEREA LADIES' AID ELECTED OFFICERS

The Ladies' Aid of Berea met with Mrs. Harrison Robinson Wednesday afternoon to elect officers and plan business for the coming six months. The officers chosen were:

President—Mrs. Charles Swain. Vice president—Mrs. D. N. Harris. Secretary—Mrs. Walter Hardy, re-elected. Assistant secretary—Mrs. John Baker.

Treasurer—Mrs. Walter Robertson; re-elected. It was planned to still have the all-day meetings for the community and charge 50c for dinners. Work was planned for the Red Cross. Six sweaters are being knit now by the ladies.

It was voted to give \$10 to the Passavant hospital for bed sheets. A supper was planned but date not set.

Mrs. Harris turned in \$2 for bonnets made and Mrs. Hardy 50c for wristlets made. A quilt was sold for \$4. The ladies received a receipt for \$1,000 of Thrift Stamps they bought.

The next all-day meeting will be with Mrs. Charles Swain, Wednesday, June 5th, because of Litterberry Horse Show Thursday. It was a very interesting and profitable meeting to all.

AT LYNNVILLE, MT. ZION AND LEMMITT, SUNDAY, MAY 19
The Rev. Mr. Simons of Concord will occupy the pulpit in the M. E. churches at Lynnville, Mt. Zion and Lemmitt on Sunday, May 19, 1918. At each place he will bring a timely message that you cannot afford to miss. Everybody welcome.

CLOSING EXERCISES OF MANCHESTER SCHOOLS

Were Held in Baptist Church Friday Evening—Address By H. A. Perrin of Jacksonville.

Manchester, May 18.—Commencement exercises for the class of 1918 of the Manchester high school were conducted at the Baptist church Friday evening.

The church was appropriately decorated in the national colors and flowers.

The class roll follows:

Hazen Duncan, Wilma Walker, Annetta Watt, Mary Cummings, Leroy Lakin, Euphemia Jasper, Hazel Greenwalt, and Marion Robson.

An excellent program was rendered by members of the class and the address given by Prof. H. A. Perrin, superintendent of the Jacksonville schools, was especially interesting.

The order of exercises follows:

Music—Wyatt's orchestra. Invocation—Rev. F. T. Peters. Music—Orchestra. School Life and National Life—Hazel Greenwalt.

Power of a Purpose—Leroy Lakin. Music—Orchestra. Architects of Our Castles—Annetta Watt.

Economy of Time—Welma Walker. Music—Orchestra.

America's Opportunity—Euphemia Jasper. Value of Little Things—Marion Robson.

Music—Orchestra. American Missionary to a New Civilization—Hazel Duncan.

For Humanity's Sake—Mary Cummings. Address—Prof. H. A. Perrin.

Presentation of Diplomas—Supt. C. F. Fahrkopf. Benediction—Rev. F. T. Peters.

Pupils of the Eighth Grade graduating class observed their commencement at the Methodist church Wednesday evening.

The church was decorated for the occasion with the class colors, green and gold, American flags, and flowers.

The program follows:

March—Louise Pearce. Invocation—Rev. F. T. Peters.

Recitation—Russell Langford. Piano Solo—Mabel Watt.

Essay—Cecil Edwards. Recitation—Ruth Cryder.

Vocal Solo—Cora Walker. Essay—Norma Grant.

Piano Solo—Paul Lashmet. Recitation—Ruth Windsor.

Class Prophecy—Leotie Roe. Recitation—Carl Stone.

Class Chorus. Address—C. H. Griffith.

Presentation of Diplomas. Recitation—Mary A. Linn.

Mrs. Dorothy Sears, daughter of an English officer, and who has had four years actual experience in Red Cross work abroad

will give a free lecture in Manchester Tuesday evening at 8 o'clock in the Methodist church.

Admission free but a free will offering will be taken for the benefit of the Red Cross.

Members of the Sophomore class of the high school, with their invited guests, enjoyed a lawn party at the home of Rev. and Mrs. F. T. Peters, Thursday evening.

The evening was spent socially and in games, after which those in attendance went to the Massey restaurant where refreshments were served.

Mrs. Lois Rilling of Arlington, Ill., and Mrs. Gladys Schaffer and son, Maine of Duluth, Minn., are visiting at the home of their father E. L. Maine.

Miss Florence Collins left Saturday for her home in Mitchell, S. Dak., after completing her duties as instructor in the public school.

Mr. and Mrs. Albert Livingston of Springfield are visiting at the home of Mr. and Mrs. Charles Jasper.

Mr. and Mrs. William Sargent returned to their home in St. Louis Saturday after a visit at the home of Mr. and Mrs. Howard McCracken.

Miss Ada Sulkin of Jacksonville attended commencement here Friday evening.

Miss Olive Whitlock of Leicester and Miss Ethel Whitlock of Franklin were here to attend commencement, the guests of Miss Hazel Duncan.

George Watt of Alton is here for a brief visit with his mother Mrs. Ella Watt and family.

Harmon Greenwalt of Jacksonville, is visiting at his home here. He is to leave with the Morgan County contingent for Camp Shelby, Miss., the 25th of this month.

NOTICE!

One per cent of all of our collections from our entire system for the month of May on all accounts made prior to May 1st, will be contributed to the RED CROSS. This contribution to go in the local Red Cross chapter where the collection is made. This is an opportune time to help the Red Cross, whose needs are more pressing than ever before on account of the number of soldiers that we are sending over the seas.

DR. CARSON
Chicago Specialist

In the treatment of Chronic Disease, will be at the Dunlap hotel, Jacksonville, Illinois, Wednesday, May 22, 1918. One Day Only. (Returns every 28 days.) Hours, 8 a. m. to 4 p. m.

Seventeenth Successful Year in Jacksonville.
Consultation and Examination Free

Dr. Carson makes a specialty of the treatment of Chronic Diseases of both sexes. His extensive practice has made him so proficient that he can successfully treat chronic diseases. This is why he has continued his visits year after year. You should consult him if you have any Chronic Disease. A Specialist who has made a lifetime study of such diseases is certainly prepared to give you the best results, and if you are sick you need scientific treatment.

I invite you to call and investigate my Method of treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern up to date methods of treating disease are what you need.

Dr. Carson treats Diseases of the Eye, Ear, Nose, Throat, Lungs, Heart, Blood, Skin, Nerves, Stomach, Liver, Kidneys, Intestines, and Bladder; Catarrh, Ringing in Ears, Deafness, Paralysis, Neuralgia, Epilepsy, Headache, Gout, Rheumatism, Scrofula, Appendicitis, Gravel and Rheumatism.

PILES, FISTULA, FISSURE and OTHER RECTAL DISEASES TREATED WITHOUT SURGICAL OPERATION

"On Sept. 5, 1916, I had a chemical analysis made of my urine in a Chicago laboratory and found that I was in the beginning of serious kidney trouble. Had treated with other doctors with no benefits. Have taken treatment from Dr. C. W. Carson, the Chicago Specialist, and for months the chemical analyses have shown no kidney trouble whatever, and my kidneys and general condition have improved wonderfully. Am as strong and can do as much work as I ever did."

WONDERFUL RESULTS

have been obtained by his treatment. You should consult him if you have any Chronic Disease. A Specialist who has made a lifetime study of such diseases is certainly prepared to give you the best results, and if you are sick, you need scientific treatment.

Dr. Carson spares no effort in the treatment of his patients. He knows that good results mean as much to him as to the patient. Most of his new patients come through the recommendation of others whom he has treated.

Consultation and Examination Free and Confidential.

"On Sept. 5, 1916, I had a chemical analysis made of my urine in a Chicago laboratory and found that I was in the beginning of serious kidney trouble. Had treated with other doctors with no benefits. Have taken treatment from Dr. C. W. Carson, the Chicago Specialist, and for months the chemical analyses have shown no kidney trouble whatever, and my kidneys and general condition have improved wonderfully. Am as strong and can do as much work as I ever did."
